

How Will the Antichrist's Reign Begin with Tribulation Despite His Initial Promise of Peace?

Sixbert SANGWA • September 14, 2024

The Antichrist's rise to power, as foretold in Scripture, has always been a subject of intense interest and speculation among Christians. One of the more perplexing aspects of his reign is why, despite his initial promise of peace, the first half of his rule will already be marked by tribulation. This article explores this question in detail, incorporating prophetic passages from Scripture, current global trends, and understanding the broader spiritual context of this deception.

The Antichrist's False Peace: A Prelude to Tribulation

To begin, it is essential to recognize that the Antichrist will come as a deceiver. As prophesied in [Daniel 9:27](#), he will make a covenant with many for "one week" (seven years), which will seemingly bring peace to the world, particularly to the Middle East and Israel. This treaty will give a false sense of security, offering hope for peace in a world riddled with conflict, instability, and uncertainty. In [Revelation 6:2](#), the Antichrist is symbolized as a rider on a white horse, a figure that resembles a conqueror, bearing a bow but with no arrows—representing a leader who gains authority without immediately resorting to violence.

However, this peace will be short-lived and deeply deceptive. The Antichrist, empowered by Satan ([Revelation 13:2](#)), will use this moment to consolidate power and influence over the nations. Jesus Himself warned in [Matthew 24:4-5](#) that *"many will come in My name, saying, 'I am the Messiah,' and they will deceive many."* The Antichrist will likely exploit the world's desire for peace in the face of global crises. These crises—some of which we see emerging even today—include environmental disasters, pandemics, economic instability, and wars. Yet, behind this illusion of peace, the groundwork for tribulation will be laid.

The Seven Seals and the Seven Trumpets: Catastrophes Unfolding

During the first half of the Antichrist's reign, the earth will already be experiencing the catastrophic judgments described in the opening of the Seven Seals and the sounding of the seven trumpets in the Book of Revelation. These events, detailed in [Revelation chapters 6-11](#), unfold progressively as the Antichrist rises to power, and their destructive impact is felt globally.

The rise of the Antichrist is marked by the unfolding of a grand scheme orchestrated by him and his agents—shadowy powers manipulating events behind the scenes. These agents, often viewed as *"secret societies,"* will control economic systems, spread fear through pandemics, and even manipulate weather patterns, setting the stage for the Antichrist to emerge as a savior. This aligns with the warnings in [2 Thessalonians 2:9-10](#) about the Antichrist's coming *"with all kinds of miracles, signs, and wonders serving the lie, and with every wicked deception among those who are perishing."*

As he assumes power, God's judgment unfolds with the opening of seals, as described in [Revelation 6](#). As these judgments continue, the Seven Trumpets further intensify the global calamities ([Revelation 8-11](#)). These catastrophic events indicate that the world will already be in turmoil during the first half of the Antichrist's reign. Though he promises peace, as prophesied in [Daniel 9:27](#), the very calamities described in these seals and trumpets will bear his mark, orchestrated through covert methods to consolidate his power.

His agents, operating through economic systems, biological threats, and environmental disruptions, will use these crises to draw people further under his influence. The Antichrist's ability to deceive through apparent miracles and wonders is further emphasized in [Revelation 13:13-14](#), which states, *"It performs great signs... And it deceives those who live on the earth because of the signs that it is permitted to perform."*

Tribulation and the Antichrist's Role in Deception

The period of tribulation during the Antichrist's reign is meant to test humanity. Jesus warned that *"there will be great tribulation"* ([Matthew 24:21](#)), and this tribulation will begin as soon as the first half of the Antichrist's seven-year covenant. The events that unfold during this time—famine, pestilence, war, and natural disasters—are seemingly both a result of divine judgment and human engineering.

The Antichrist's promises of peace will seem to counteract these events, yet he will secretly exacerbate the suffering to position himself as the world's only hope. Secret societies, which are believed to have historically manipulated world events, may serve as his hidden hands, stirring chaos while outwardly pushing for a unified global solution under the Antichrist's rule. By creating problems and offering solutions, he will strengthen his grip over a desperate world.

Spiritual Lessons and Warnings for Today

The relevance of these prophecies to today's world cannot be overstated. We live in an era of increasing globalization, with growing concerns over climate change, pandemics, economic control, and political instability—conditions ripe for the appearance of a figure like the Antichrist. Secretive power structures and unseen forces seem to influence many of the world's events, making it easier for such a deceptive leader to emerge.

The Bible urges Christians to be vigilant and discerning in the face of such deception. Jesus warns us not to be misled by false promises of peace or solutions that come at the expense of our faith ([Matthew 24:24](#)). Instead, we must look to Scripture for guidance, trusting in the ultimate victory of Christ. Though tribulation will come, God's Word assures us that the final outcome is secure in Jesus, who has already overcome the world ([John 16:33](#)).

Conclusion

Though the Antichrist will initially present himself as a peacemaker, his reign will coincide with global catastrophes that signal the beginning of the Tribulation. These events, represented by the Seven Seals and the Seven Trumpets, will be devastating, and many may be orchestrated through the manipulation of weather, economic systems, and human-engineered diseases. The Antichrist, working through secretive agents and power elites, will deceive the world into believing that he offers a solution to these crises, even as he deepens the chaos.

For believers, the lesson is clear: we must remain steadfast in our faith, understanding that the promises of the Antichrist are false. The world may descend into tribulation, but God's plan for redemption and ultimate victory remains sure. As Jesus warned in [Matthew 24:4](#), *"Take heed that no one deceives you."* We are called to watch and pray, discerning the signs of the times, and trusting in the hope and truth of the Gospel. As we face uncertain times, let us draw strength from God's promises and focus on being faithful in our daily walk with Him, trusting that His plan for redemption and ultimate victory remains sure.
